EXPERIENCE

AuraBix

Pune, India | 2024 – Present

Founder & Business Growth Lead

- Founded an AI-powered digital growth agency providing custom web solutions, branding, and AI workflow automation for commercial clients.
- Managed end-to-end client acquisition pipeline including prospecting, cold outreach, requirement gathering, and consultative solution pitching.
- Acquired and closed real business clients in India, translating business requirements into functional digital products using AI-assisted prototyping tools.
- Directed client communications, scope definition, feedback iterations, and project delivery coordination across web and digital growth assets.

Full Potential Solutions (FPS)

Pune, India | Nov 2025 – Present

Customer Executive – Remitly (Fintech Operations)

- Execute cross-channel customer interactions via calls, chat, and back-office tools for international financial remittance processes.
- Investigate transaction-related customer issues, adhering strictly to financial compliance, process accuracy, and quality metrics.

- Maintain customer satisfaction by providing precise problem resolution under high-volume operational environments.

WNS Global Services

Pune, India | Oct 2024 – Nov 2025

Associate – Operations (Etraveli Group – International Travel Operations)

- Handled international travel operations, flight rebookings, itinerary changes, cancellations, and reservation modifications for global passengers across the Etraveli process.
- Utilized global distribution systems (GDS) including Amadeus, Sabre, and Travelport to resolve complex travel requirements accurately.
- Developed strong problem-solving, consultative communication, and service recovery capabilities in a fast-paced environment.

PROJECTS

Prescrop Insurance – Business Intelligence Dashboard

2025

- Built an interactive Power BI dashboard analyzing a dataset of over 150,000 insurance records.
- Performed data cleaning, transformation, and DAX calculations to track core KPIs and visualize business performance trends.

Dream Doors Realty – Digital Presence & Web Solution

2024 – 2025

- Delivered a complete business web solution (dreamdoorsrealty.com), driving digital visibility and lead intake.
- Utilized AI-assisted development tools to convert business requirements into a functional, client-validated web asset.

VJobify – BPO/BPM Recruitment Portal Concept

2024

- Designed and launched an entrepreneurial job portal concept connecting candidates with BPO/BPM career opportunities.
- Handled platform concept design, candidate outreach, and initial operational workflows.

ACHIEVEMENTS

- Achieved **9.89 CGPA** in PGCM (Business Analytics) at MIT School of Distance Education.
- Successfully launched AuraBix agency from scratch and acquired paying commercial clients in India.
